Southern Presbyterians Will Hold Next Meeting in South Carolina.

QUESTION OF FEDERATION

Moderator Appoints Committee to Hold Conferences-Report on Catechism.

(Special to The Times-Dispatch.) FORT WORTH, TEX., May 20,-The Northern Assembly, now in session at Winona, Indiana, was to-day wired greet-ings in these words: "The General Assembly of the Presbyterian Church in the United States salute you in the name of the Lord Jesus; grace, mercy and peace be with you; I. Thessalonians, 5-23."

To the Cumberland Assembly, at Fresno, Cal., it was wired: "In the name of the Lord Jesus, we greet you. May His the Lord Jesus, we greet you. May His spirit be with you. Phillippians, 4-18." Moderator Plunkett to-day appointed a committee, composed of one member from each synod of the assembly, to confer on matters pertaining to closer relations with other Presbyterian churches. This committee was instructed to report during the present meeting. There was considerable discussion over the question of church catechism, but this was settled by discharging the committee and referring the question to the Committee on Publication. This report was brought up in 1900, and has never been disposed of.

brought up in 1900, and has never been disposed of.
Yesterday's report of the Federation Committee was informally discussed before to-day's meeting was called to order. Dr. Charles H. Rolston, commissioner from Mount Clinton, Va., favors closer federation of the two branches, especially along the border between the North and South, where the interests of both churches are closely identified. He expressed the belief that this affiliation should obtain, but the opinion of other leading delegates to the assembly is that the federation should be brought about by local presbyteries.

The sixteenth annual report of the Committee on Ministerial and Christian Education was read. Reports from the Committee on Synodical Records of the Church in Virginia and North Carolina were accepted without comment, but a slight change was made in the report from Arkansas. The committee appointed to look into the malter of the proposed university, which is to be located at Atlanta, Ga., will be heard Thursday morning.

The most important question acted on to-day was the selection of the next meet-ing place. Six churches were nominated. The successful candidate for the honor was the First Presbyterian Church of

A catechism on the church, its policy, its sacraments, etc., was to-day submitted to the axeembly by the able committee that has had it in charge for several years. Although there were many others composing the committee, it was recognized that the catechism was for the most part the creation of Rev. R. P. Kerr, D. D., now of Baltimore. The committee was refleved from further duty in the matter, but the catechism was not adopted by the assembly. An earnest debate took place over the proposal to change the time for the special collection for publication from March to July, and assign March to the cause of ministerial relief. As July is a bad month for raising money, it was earnestly opposed. In view of the excellent work done by the publication committee at Richmond, to make this change would seem to be putting a penalty on success. The motion to change was lost, and publication will still hold March, the month it has had for thirty-five years.

This afternoon the members of the assembly were treated to a pleasant outing in a drive out to the Country Club, five miles from the city, where an elegant reception was tendered them by the ladies of the Presbyterian Churches.

RALEIGH, N. C., May 20.—The Raleigh

Raleigh and Southport Railroad Company.
They are now building an extension of
the Raleigh and Lillington road, to Fayetteville and make public their intention
to continue to Southport at the mouth
of the Cape Fear. This has been regarded here as having special significance in
view of the recent declaration by President Barr, of the Scabbard Air Line that
his company will secure an outlet at
Southport.

The Carolina and Northern and old Carolina roads are already a part of the Scaboard system and this Raleigh and Southport line would complete the line with the construction of the forty miles of road from Fayettesville, It is also significant that he building of the additional from Fayetteville to Southport would give the Southern, should that line control the Raleigh and Southport, an independent outlet at that splendid scaport.

Raided a Crap Joint.

Officer Wyatt, whose furlough began at 1 o'clock this morning, gave a sample of his detective work late last night by spotting a crap joint in Pink Alley. Together with three other officers, the game was raided, and four negro women and seven negro men were taken red-handed.

"Pig in the Bag," craps and a card game were all in full blast. One large negro woman, weighing about 300, attempted to crawl out the flue, but got stuck fast in the opening and cried lustily for the officers to release her. The sleven prisoners were taken to the First Police Station. They will appear before His Honor on Monday morning.

Sir,—The correspondent of The Times.
Dispatch of the 20th instant does full justice to both Dr. Mellwaine and Hon.
J. Taylor Ellyson, but singularly fails to mention the admirable address of Mr. Rosewell Page, which was listened to with close attention and evidently made a deep linpression on the audience. Without disparaging the speeches of either of the other gentlemen, I think I may say truthfully that Mr. Page's speech measured up to theirs in every respect. The day is one long to be remembered. The people expressed themselves as pleased and benefited, and the speakers as greatly gratified by their kind and gracious greeting.
